## Bethel Christian Academy's Principal's Perspective

Easter! The greatest event ever in the history of the world! It's the basis for our faith. Without the death and resurrection of Jesus Christ nearly 2000 years ago, there is no "Christian." There is no hope of heaven. There is no freedom from sin. There is no purpose to this life at all! Because of God's love, Jesus traded in his crown in heaven for a crown of thorns. Because of God's love, the way to eternal life in heaven has been presented to us free of charge! We don't need to work for it, and even if we tried we could never do enough to earn it.

The only way we will ever get to spend eternity in heaven with God, is if we accept Jesus as our Lord and Savior. The thing that makes Jesus qualified for those positions are the fact that he is God and that he sacrificed himself on the cross for you and me! "For our sake he made him to be sin who knew no sin, so that in him we might become the righteousness of God" (2 Cor. 5:21 ESV). There has never been, nor will there ever again be, a greater act of love. It is the single most important thing to ever happen. It's affects are still being felt and will continue to impact mankind for ever and ever!

The best part? It's a gift that doesn't require a equal gift given in return! It was completely free, and meant not only for you and me, but for everyone! God loves it when his people share that gift, the gospel, the Good News, with other people so they can also receive the gift God wants to give them! The only obligation is that we do our best to live our lives the way God wants us to. I do hope that you have received God's gift of salvation. If not, Easter is just another "Hallmark holiday," void of any true meaning. Sure, it's fun to find eggs and eat chocolate, but just like Christmas is so much more than Santa, Easter is so much more than those things! Take a minute and reflect on that these next few days. Read the Easter Story with your kids. Go to church. Thank God for the gift of his Son Jesus this Easter!
