Bethel Christian Academy's Principal's Perspective

Today's chapels (which are linked to this newsletter if you want to check them out) were both on things that I am extremely passionate about. As Christians, we are becoming a greater and greater minority in America. While around 70% of Americans still "identify as Christian," less than 10% actually hold a "Biblical Worldview" when it comes down to their beliefs and behavior according to research. Some say as low as 4% of Millennials and 2% of Gen Z actually hold a Biblical Worldview! As a parent of three children between 9-14, this is extremely alarming. It is SO important that we help to instill in our children the Truth of the Bible and help them adopt a Biblical Worldview because the world is drifting further and further from any kind of "truth" at all, and even more so from the Truth of God's Word! After all, George Barna has also stated that "a person's worldview is typically developed between the ages of 18 months and 13 years." Right now is the time for us to "train up" our children. While there isn't really a "bible" for secular worldviews, it is being woven into everything around us. It is in the news, music, movies, the internet, and every other aspect of our society. Your children are hearing it and seeing it subtly each day. We can't leave our children's futures to chance! We need to pray for them often. We need to disciple them. We need to lead them by example. We need to get them in church and youth group where others can partner with us. We need to actively involve ourselves in our children's lives (whether they like it or not!) because plenty of others are there already. This is also why I loved Mrs. Wamsley's chapel today as she encouraged everyone to be reading their Bibles every day and learning scriptures, because when God's Word is hidden in our hearts, it will help us to live the way God wants us to and not sin against God! It also helps us know the Truth and by extension recognize the lies of the Devil and society, which we all need!

Thanks and God Bless! Mr. Burnett, BCA Principal

Summer Day Camp Registration is Open!

Summer will be here before you know it! Mrs. Kazimir is lining up 3 field trips per week! Students 4-12 years old can attend our Summer Day Camp! It is very affordable. Visit our Summer Day Camp page for more info or to download the registration
