## Bethel Christian Academy's Principal's Perspective

Did you know that at BCA, we love kids? I know that sounds like a random, and hopefully obvious, statement, but it couldn't be more true. Our teachers and staff love kids, and we love what we do. Even more than that, each staff member at BCA is here because we feel that God called us to be here. As you may or may not know, my wife and I both worked in public schools until 2012. We lived about 70 miles east of Parma in the small town where we both grew up. Then, we felt God was telling us he had a different plan we did, and more than 10 years later we are where we are leading this amazing school!

It hasn't been easy every single moment since we decided to follow God to "the big city." In fact, some moments have been just plain hard! But, we do not regret for a minute being obedient to the call of God for our lives. It has been one of the best decisions we have ever made!

Now, I didn't wake up this morning thinking that I should tell my story, and there is so much more involved in the process that brought us from Vernon to Parma. But, as I began writing today, I felt like the message for today should be to listen for God's voice. He speaks to us often, but too often we are too busy or distracted to hear his voice. I want to encourage you this morning to spend time alone with God. Talk to him about everything on your mind, and then sit and wait and listen for him to speak to you. You may be surprised by what he tells you. I pray God will speak to you and blesses you and your family today and forever!

Thanks and God Bless!  
Mr. Burnett, BCA Principal
