Bethel Christian Academy's The AP's Perspective

Happy Friday, BCA Family!

I just wanted to take a minute and share my heart with you. Being a principal was never on my radar growing up. To be honest, being much more than an assistant principal was not on my radar until the last few months. I would just like to give you a quick glimpse into my calling. If you ever want to know the whole story, let's sit down for coffee! :)
As a kid, I taught my stuffed animals! I spent one day trying to teach my brother to read, but he wasn't really into it and I got mad! In high school, I decided against education and was pretty set on going to school to be a journalist and living in New York City. That is until I went on a missions trip to Mexico and realized that I HAD to work with kids.
Before coming to Parma, I taught high school English in a small high school in northeastern Ohio. Then, in 2012 the Lord led us to Parma, and I've been at BCA ever since.

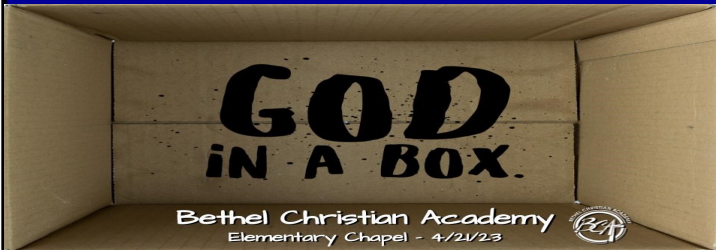

Last spring, I felt God clearly changing my heart to care not just for students, but for their entire families. This is where Parent Connect was born. In the last year, the Lord has pressed on my heart the importance of connecting with families and helping them find resources and information. Our Parent Connect nights have been some of my favorite of the year! I love getting to know all of you on a more personal level! I am in the beginning phases of planning next year! Be on the look out for a new summer challenge and a survey to help us plan! We also have a Family Fun Night coming! Get ready!

As the PE teacher this year, I have been able to spend time with all of your children and they have blessed me beyond measure. While I won't be teaching students anymore, I am so looking forward to interacting with students in a new way. I am so excited to work with all of you in any capacity that I can. I know that I speak for Mr. Burnett and the entire staff when I say that we are honored that you have trusted us with your children! We love you all!

Thanks and God Bless!
