Bethel Christian Academy's Principal's Perspective

Before I get into this week's "Perspective," I just wanted to say how blessed I was during chapel this morning. In elementary chapel, I loved watching and hearing kids worshipping. Also, the way they demonstrated an understanding of God and his love for them blessed me as well as they interacted with me during the message. Then, middle school chapel was 100% student led! With guidance from Mrs. Bass, students did every aspect of chapel (worship, the message, a skit, and prayer). I love seeing students doing ministry! I am so proud of them all!

Now, I want to brag about one of the newer groups at our school: Parent Connect! Mrs. Burnett had the vision for this ministry near the end of last year and continues to lead it. It is designed to "empower parents to connect with God, family, and school." Basically, parents come together monthly and get insights and resources as we all navigate this parenting thing together! This week, during our October meeting, we learned about anxiety & depression in kids and how to help them navigate life. We heard from a licensed professional counselor who specializes in working with children. She gave us great insights and left us with some helpful resources. Check out the new [Parent Connect](#) page on our website and you can download those resources, see the slides she shared, or even watch the video of the night! Then join our [Facebook group](#). We were blessed by how many families came out, and hope to see even more on November 17 when the topic is "Trauma in Kids." We are all in this together, and are constantly lifting your kids and your family in prayer!

Thanks and God Bless!

Mr. Burnett, BCA Principal

RENOVATIONS ARE COMING!

If you joined us for chapel today, you saw that big changes are coming to the chapel! The church is undergoing a major renovation in November. The sanctuary as well as that whole end of the building will be closed for the better part of 2 months while the work is done. You will notice some things being updated on the school end as well as a part of the project! I can't wait to see how it all turns out! We are working on plans for chapels and other changes in November and December and will update you soon. Some of the church ministries will also be sharing space at the school end of the building more than usual during this time. It will be interesting for sure, but is very exciting!
