Bethel Christian Academy's Principal's Perspective

Are you feeling blessed or stressed this time of year? Chances are, you have opportunities for both. I want to encourage you to not let the stressing drown out the blessing! I know it's cheesy, but this time of year there is added pressure because of busy schedules, gift giving, finances, family, travel plans, etc. Add in Omicron and whatever else you could fill in the blank with, and you have plenty of reasons to find yourself wondering where time went on December 26!

I want to encourage you to take a minute to drive around and look at Christmas lights or build a snowman as a family or whatever else requires you to stop and enjoy the blessing of your kids this time of year. My family loves to get ice cream and drive downtown and circle Public Square to see those lights, or attend our Christmas Eve Candlelight Service and drive around Parma enjoying the festive houses.

Whatever it is that works for your family, don't let yourself get so caught up in the planning and craziness that you don't get to enjoy the season. And don't let the true meaning of Christmas get squeezed out either, because without that, none of the rest of it matters anyway!

Thanks and God Bless!
Mr. Burnett, BCA Principal

Thinking about buying your child a new hat, gloves, coat, lunch box, pants, shirt, skirt, water bottle, sweater, or other item for Christmas? If it was brought to school, it is possibly still here in our lost and found! Let us know if you are missing items! (Please, please, please write names on everything!)

THANK YOU! THANK YOU! THANK YOU!

We were so blessed (though not surprised) by your generosity! We asked for items to bless local families this Christmas through Chrissy's Cupboard, and you went above and beyond! We have begun organizing and will put stockings together to be delivered next week. Great job showing that BCA loves God and love others! **BCAServes**
