Bethel Christian Academy's Assistant Principal's Perspective

Can you believe that there are only six and a half days of school left in the year 2022? It seems the last few years have flown by! We live entire lifetimes in one school year.

If you have been around at all, you know that there has been a lot of hustle and bustle happening around the school and church. Remodel is in full force. We have adjusted chapel services. We've shifted which hallways we walk down. The church has been conducting services in the gym. We have been exercising our ability to be flexible and change things at a moment's notice these days.

I'm not going to lie! There are times when I am ready to just quit. I don't want to have to move things around one more time to accommodate someone else. I don't want to be inconvenienced, so that someone else can have things easier. But alas ...

This morning I woke up thinking about Mary, the mother of Jesus. After the Angel Gabriel told Mary that she was going to give birth to God's son, Luke 1:38 says, "'I am the Lord's servant,' Mary answered. 'May it be to me as you have said.'" Now I am by no means comparing my life with what Mary went through. She was unmarried and pregnant with the son of God. I cannot imagine the conversations that surrounded that! Her response to the call on her life was "I am the Lord's servant." This challenged me. I did not jump out of bed this morning saying, "I am the Lord's servant, send it all my way!" It was more like, "Please Lord, help me make it through!"

As we are getting nearer to Christmas and this season of giving is about to end, I am challenging us to remember to be open and available to the ways God has for us to answer his calling. How is he challenging you? Is he asking you to serve? Is he asking you to give? Is he asking you to sit down and disciple your kids? What is it that he would have you do? I am searching my heart and asking the Lord to help me be willing and ready to say, "I am the Lord's servant."

Thanks and God Bless!

2022 Christmas Program

All of our students did a great job last night in the program! Unfortunately, the livestream failed during the PreK-2nd grade program as did the recording, so I do not have the video uploaded to YouTube. The Band/Choir concert is below:
