Bethel Christian Academy's Principal's Perspective

I've had a lot of time to think the last few days as I shoveled and snow blowed and shoveled and shoveled some more! After all that, I still love the snow! But, as the pressing issue that demanded the most attention shifted from school to snow removal, I still spent a lot of time thinking about BCA. You may know that this is my tenth school year at BCA, and 7th as principal. I have officially spent more than half of my career in education in Christian school after spending the first 9 years in a couple of different public schools. When I attended school, I was a Brave. As a teacher, I was a Panther. Since following God's call to Parma nearly 10 years ago, I've been an Eagle. While I have fond memories of every school I've taught in and attended, there is something special to me about Bethel Christian Academy. It's more than just a school I was assigned as a student. It's more than just the job I landed. It's the place that God has brought me to. In the same way, God brought your family to BCA, too. He brings some to BCA for a short time and some for a decade (or more in the case of some of our awesome staff), but we are all Eagles because God decided that we should be, and for that I am thankful. My family has been blessed by so many of you beyond anything I could have hoped for over the years. I hope that yours has been as well, and that you feel the same pride that I do when you tell people where your kids go to school, because you are a big part of what makes BCA great!

Thanks and God Bless!
