Bethel Christian Academy's Principal's Perspective

What is the best part about thanksgiving? Don't miss the video devo on Tuesday to see what some of our students think! You can also click below to give us your thoughts. For me, two of my favorite things in general are family and food, and Thanksgiving always provided plenty of both! Whether I spend the day with my brothers and family or my wife's, it will be a ton of fun and I'll eat way too much! There is a lot to be thankful for this and every holiday. I know holidays aren't always easy, whether it's the busyness or your present circumstance, but I pray that you have the opportunity to pause for a moment and remember the blessings that you have. As the old hymn says, "Count your blessings, name them one by one; Count your many blessings, see what God hath done." You can start with your kids! There are a blessing to me, and I know to you as well! As Christians, having the privilege of living in America (in spite of its faults), we really are blessed! Don't forget to adopt an attitude of gratitude and thankfulness over the next week (or month or decade). When you take the time to be thankful for what you have, it changed your perspective on everything! May God bless you and your family this and every season!

Thanks and God Bless!
