Bethel Christian Academy's Principal's Perspective

I recently heard someone say that humans are not a good North Star. They need a destination outside of themselves. The more I think about it, the more that statement appears to be true. Romans 10:23 says, "Lord, I know that people's lives are not their own; it is not for them to direct their steps." So many people are leaning on their own understanding. They are encouraging people act and change and live based on how they feel in a moment. But, humans really are not a good North Star on their own. Without an actual "True North" that is outside of ourselves, we can easily get caught up in our emotions, or feelings, or the latest trends that society tells us we should do or believe. At least daily, I think to myself, "I don't know what is going on in the world" when I hear the latest news or what some person or organization is suggesting. The fact is, without God guiding our lives and choices, we are lost! God has a plan and a purpose for us, but if we ignore it to chase after our own desires, we will be left empty and searching for something to fill us that we will not find apart from him. This world is hurting because more and more people are believing the lie that they don't need God, that they were not created on purpose and for a purpose! I am blessed that I get to tell students that every single day! Make sure that as parents, you are reminding your kids of that, too! Thanks and God Bless!
