Bethel Christian Academy's

## Principal's Perspective

What are you doing to help your child grow in his/her relationship with God? Do you do a family devotion? Do you read the Bible together? Do you make sure they are in church regularly? (Did you know that church attendance is trending toward 1-2 times a month being the norm? It's sad!) Do you pray as a family? While it's a good step, and I am so grateful for the Christian teachers who have poured into the lives of my kids since I moved here almost 11 years ago, I hope you aren't just depending on the fact that you send your child to BCA and check in occasionally at church for your child's spiritual development!

One reminder that I hear over and over in books I read or podcasts I listen to is that "the world" is not content to only impact our children's lives once or twice a week! They are inundated with worldviews that are SO OPPOSED to the Bible and Christianity. I didn't watch the Grammy's last weekend, but let's call that "Exhibit A." Satan is after the next generation, and apathy or pretending he's not is a very dangerous gamble with the lives and eternity of our children.

I just realized how dark and depressing this "Principal's Perspective" is! While I like to be challenging and thought provoking, I work hard to avoid depressing! Sorry about that! But I feel strongly that it is a fact of life in society today! When I was growing up (not all that long ago!), it wasn't like it is today. My parents worried, but not like we do today. There was opposition to God and Christianity, but not like there is today. As Christian parents and grandparents, we need be willing to put the time and energy in to help our children know God the way we know Him! We need to teach them how to talk to God and how to spend time with Him. We need to invest in our children's lives with an urgency that my parents and grandparents likely didn't need to. It may be inconvenient. It may require us to give something up, but I promise you it will be worth it.

I challenge you to take it up a notch! Whether you feel like you are doing great or not, I am sure that you will be blessed by what Pastor Edgar has to share with you on Thursday night. Bring your kids and let us watch them while you come to be equipped to do more to help your children get to know your God better! In addition to his calling to kids and ministry as a pastor, Edgar he is a dad who is committed to his children's relationship with God, and he will share some tools to help you invest in your family's spiritual health! See you Thursday at 7:00!

Thanks and God Bless!
