## Bethel Christian Academy's Principal's Perspective

Truth, identity, integrity...It is unfortunate that in the world today, those things don't really mean anything. In fact, one of the definitions for truth that Webster's gives is "a judgment, proposition, or idea that is true or accepted as true." I take issue with that definition, which is widely accepted by our culture. My issue is that whether something is "accepted as true" doesn't make it so. Whether someone or everyone or no one accepts truth or doesn't, it doesn't change it. God's word is true, and sadly it is becoming less accepted as true than ever before. The truth is, God created you, and me, and your child, and everyone in exactly the way he determined you should be. He doesn't make mistakes. He doesn't leave things up to chance. He loves everyone. He hates everyone's sins, but he loves each person, regardless of how he/she has chosen to live or whether he/she loves God back. God desires for everyone to choose to follow him. He wants everyone to deny sin and accept Christ. He wants us to repent and choose to live our the purpose he has for us. He wants us to tell others about him, and he wants us to live for him on Earth and eventually with him in heaven. He calls us all, not just pastors or missionaries, but all of us, to live to a certain standard. To live a life of integrity. To love God, and love others. It's not complicated...but it is becoming increasingly more difficult. The resistance to God's Truth, Word, and way of life, are more and more under fire in this world that is growing more secular (seemingly by the day!) It's why we pray so much for our students. It's why we pray so much for our BCA families. It's why we pray so much for our communities and our world. But it's also why we covet your prayers so earnestly! As we navigate this world together, please join us in praying that God would speak to our students and staff, and that amazing things would come about as we seek him individually and together!

Thanks and God Bless!

Mr. Burnett, BCA Principal
